Project

Our project this term is titled 'The six Geo-political zones.' It should be done in two parts. For the first part, pupils will be expected to use paper mache or any other material to make a 3-D model of the map of Nigeria indicating the geo-political zones with different colours. This will attract 60 marks.

The second part will require pupils making a poster showing two notable landmarks or tourist attractions in any geo-political zone . Pupils will present this in class. This part will make up 40 marks.

Reminders

- Parents can see their children's class teachers every Wednesday from 7:40 - 8:00a.m
- Pupils are expected to appear in the appropriate school uniform at all times.
- Please ensure you come along with your family identity card during pick up.

What counts in life is not the mere fact that we have lived, it is the difference we have made to the lives of others that will determine the significance of the life we have lived.
